

New York State and Its Residents are Top 3 Contributors to Federal Tax Revenue

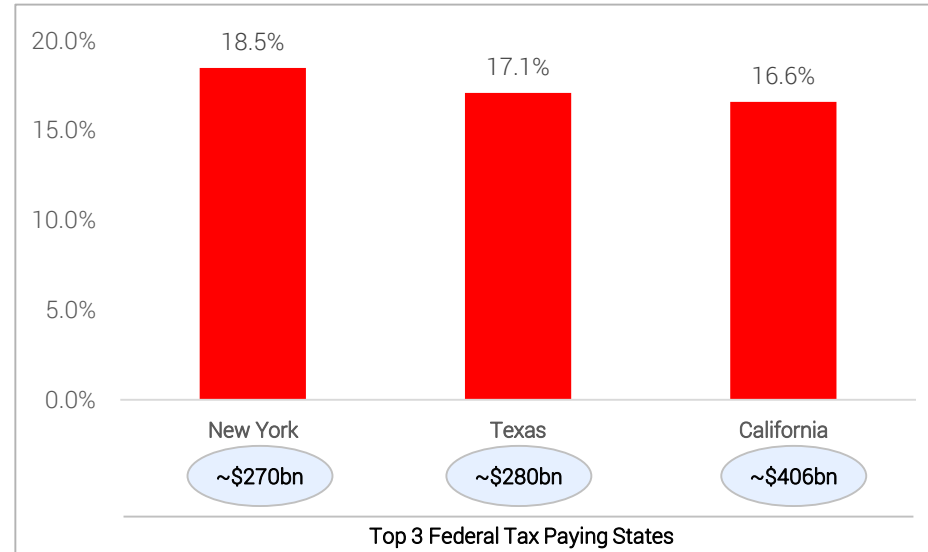

New York and its residents are top 3 contributors to Federal Tax revenue and of the top three has the highest per capita Federal Tax burden which represents 18.5% of our State Domestic Product. New Yorkers need a representative that sees the bigger picture so that our New York's future is as bright as our rich history.

- To secure voters, politicians push unsustainable entitlement programs and “kick the can fiscal policies” that further burden State and Federal budgets and residents. New York State and its residents are top three contributors to Federal Tax revenue and of the top three has the highest per capita Federal Tax burden which represents 18.5% of our Gross State Product. New Yorkers need a representative that sees the bigger picture so that our New York's future is as bright as our rich history.
- As one of the top three economies and contributors to Federal Tax revenue, New York State is vital to the economic strength of the United States. It is important that New York State be a part of Federal growth and development initiatives (e.g., Infrastructure). Naomi Levin will ensure New York and its residents receive requisite Federal fiscal investment into New York State and recognition for Federal fiscal contributions.
